Jake woke up and went out of his home. He wanted to wash the wet mud off his red bike.

He grabbed the long green hose and pulled it to a flat zone. Jake turned the tap on.

But the hose had a bad rip in it. It was a huge hole! Cold drops shot up.

They hit Jake right on the nose. "Is this a joke?" Jake yelled. He dropped the hose in the mud.

His bike was still a mess, and he was very wet. He had no hope of fixing the bad hose.

Just then, his mom came out.  
She had a thick strip of black  
tape. "I can fix this," she said.

She wrapped the tape right over  
the hole. "There you go," she  
said with a smile.

Jake picked up the hose again.  
The tape worked! Jake washed  
his bike until it was clean.
