Kim's Garden Pot

Kim had a bud in a red pot. Kim had to get a post for it. Kim got on a long log. "This post is hot," Kim said.

"My bud will get a lot of sun." She set the pot on top of the log. Gus, her dog, sat on the log. He had a big, black cog.

Gus did a hop to the pot. Bonk! The pot did a big fall off the log. "Oh no!" said Kim. Muck was on the sod. Kim got the cog Gus had.

It fit on the pot. It did a good job. "Gus, you did help!" Kim said. She put the pot on the log, and the cog did stop it.
