Kit's Nut Hunt

Kit the bug had a plan. His nest was flat. He had to get lots of nuts for his nest.

Kit did a flip and a flap. He got up on a big stick. He saw ten nuts. "Yes!" said Kit. "My sack will not be flat."

A bit of fluff fell past him. Wham! Kit hit the stick. The nuts fell. Kit did a fast drop and a zip.

He got the nuts in his sack. Not one nut did drop. His sack was full. "Good," said Kit. He went back to his nest.
