Liv and the Gap

short a

Tom had a pond by a dam. But the pond got less and less. Tom ran up and down the dam. Tom was sad.

Liv sat on the dam. Liv sat and sat. Liv is not fast, but Liv can see a lot. Then Liv did see it.

It was a gap in the dam! "Tom, a gap!" said Liv. Liv got mud. Tom got rocks. Pat, pat, pat!

Liv and Tom did fill the gap. Then the pond was big. "Liv, you did it!" said Tom. Tom and Liv sat on the dam in the sun.
