Rose Fixes the Cake

Rose made a cake. She had one big hope: to make the best cake for her mom.

But her pal Luke came home.

He thought it was a joke to poke a hole in the top. "Luke!" Rose said.

"That was not a nice thing to do!" The cake had a huge hole. Rose did not mope.

She had a fine plan to fix it. Rose got a pink rose from a vase.

Then she got a big cone. She set the cone in the hole.

She put the pink rose on top. "Oh," Luke said.
The cake was not a mess.

It was the best cake for her mom. Mom gave
Rose a big hug.
