Stan's Tent

st words

Stan got stuff to make a tent in the grass. He stuck a thick stick in the wet mud.

It would make his tent stand up. "Stop!" said Dad. "Look at the stick!" A big red bug was on the stick!

"Will it sting me?" said Stan. Stan was very still. The bug did not sting. It fell off the stick and into the grass.

Stan did not get stung. He was glad to set up his tent in the sun.
