Wade's New Game

Wade was at home. He wanted to make a fun game for his cute dog, Dot.

The name of the game was Hide the Bone.
Wade got Dot's huge bone.

"I hope she will not find it fast," he said.
Wade went to hide the bone.

He put it under his bed. But Dot came in. She used her wet nose to sniff the rug.

She dug under the bed and pulled the bone out. "That was too fast," Wade said. He made a new rule.

Dot had to sit still. Wade grabbed the bone.
He hid it in a big red cube.

Wade called Dot. Dot ran to hunt for it. Her nose went sniff, sniff, sniff.

At last, she found the bone in the big red cube! Wade gave Dot a hug and a pat.
