How to Write Lowercase a to z

The red dot shows where to start. Numbers show which stroke comes first.

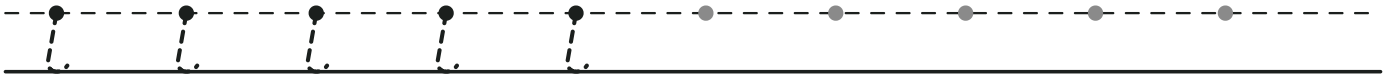

Monkey Tails and Fishhooks

Name _____

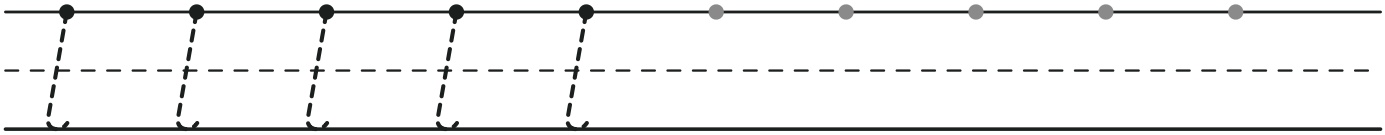

Start at the dot. Trace, then make your own.

Monkey tails are the little flick up at the bottom of a d h i k l m n t u. **Fishhooks** hang below the line on g j y. They keep letters evenly spaced now, and later they join the letters when your child learns cursive.

Short monkey tails.

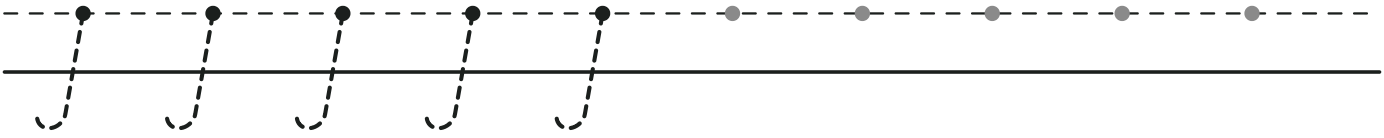

Tall monkey tails.

Cups: down, around and up.

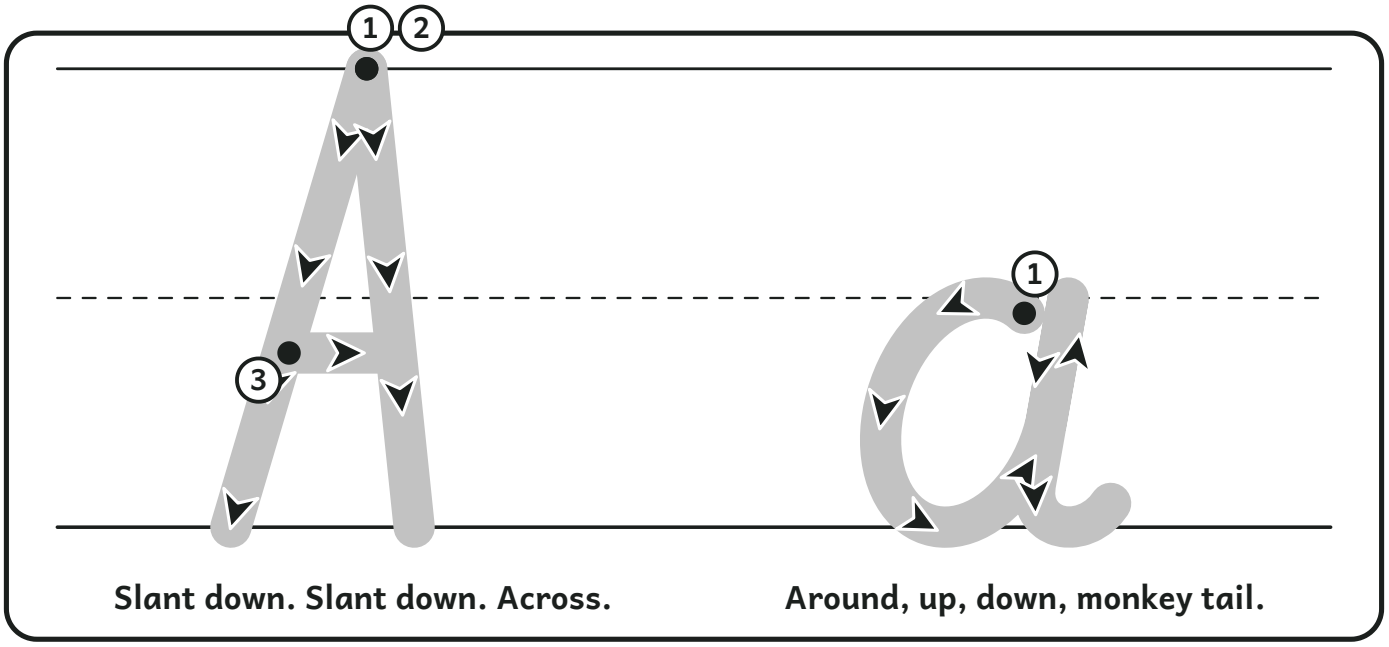

Fishhooks: down below the line, then hook left.

Letter Aa

Name _____

Follow the arrows with your finger first. Then use your pencil.

Slant down. Slant down. Across.

Around, up, down, monkey tail.

Trace capital A. Start at the dot. Then write it on your own.

Trace lowercase *a*. Start at the dot. Then write it on your own.

A Is for Apple

Name _____

Say each picture word. Listen for the first sound. Then trace the word.

apple

ant

ax

Trace the sentence. Then write it.

An ant has an ax.

Circle every A and every *a*.

A h a N A e a V o a A d

Draw something that starts with *a*.
