Area: Find the Missing Side

Name: _____

The area is given. Divide the area by the side you know to find the side marked with a question mark.

1.

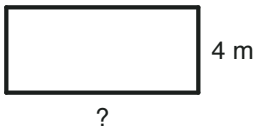

Area = 42 sq cm

Missing side = _____ cm

2.

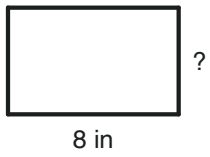

Area = 36 sq m

Missing side = _____ m

3.

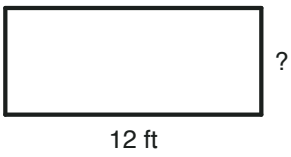

Area = 40 sq in

Missing side = _____ in

4.

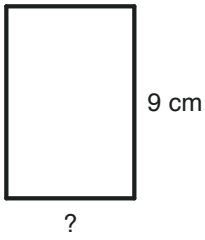

Area = 60 sq ft

Missing side = _____ ft

5.

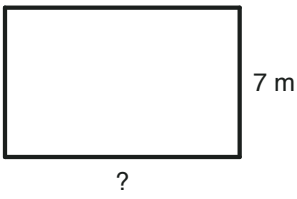

Area = 54 sq cm

Missing side = _____ cm

6.

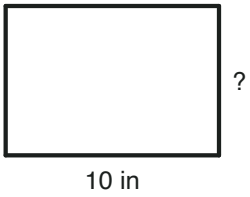

Area = 77 sq m

Missing side = _____ m

7.

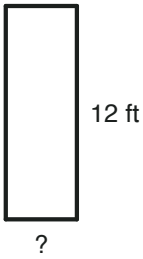

Area = 70 sq in

Missing side = _____ in

8.

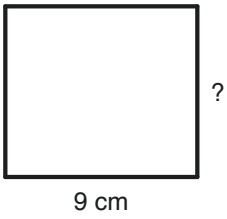

Area = 48 sq ft

Missing side = _____ ft

9.

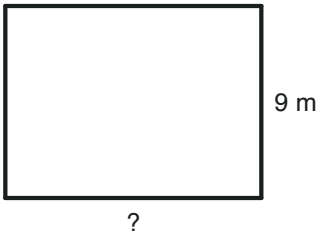

Area = 72 sq cm

Missing side = _____ cm

10.

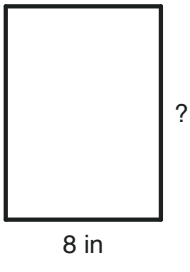

Area = 108 sq m

Missing side = _____ m

11.

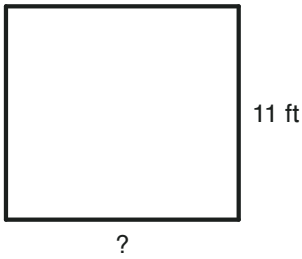

Area = 88 sq in

Missing side = _____ in

12.

Area = 132 sq ft

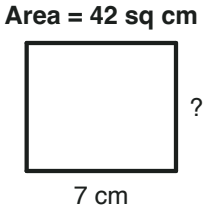

Missing side = _____ ft

Area: Find the Missing Side (Answer Key)

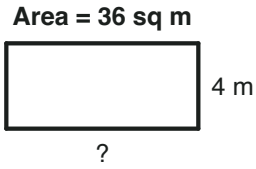

The area is given. Divide the area by the side you know to find the side marked with a question mark.

1.

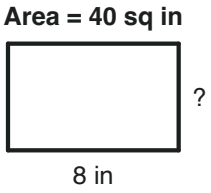

Missing side = **6** cm

2.

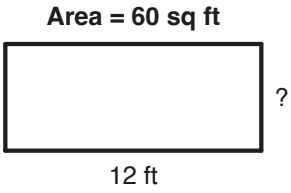

Missing side = **9** m

3.

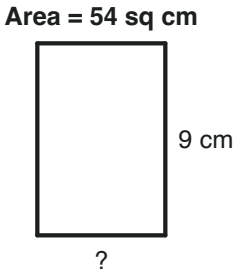

Missing side = **5** in

4.

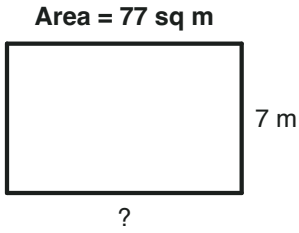

Missing side = **5** ft

5.

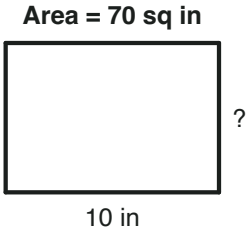

Missing side = **6** cm

6.

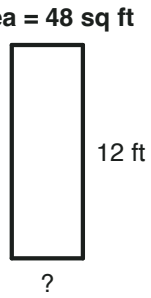

Missing side = **11** m

7.

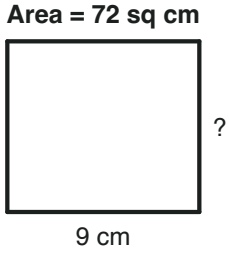

Missing side = **7** in

8.

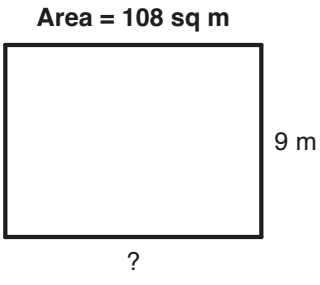

Missing side = **4** ft

9.

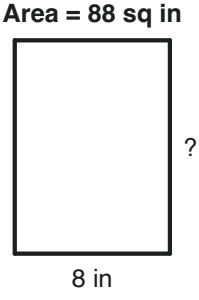

Missing side = **8** cm

10.

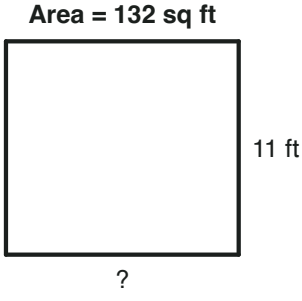

Missing side = **12** m

11.

Missing side = **11** in

12.

Missing side = **12** ft
