

Subtracting with Pictures

Read this together before the worksheets. Cross out, then count what is left.

Subtracting means taking some away.

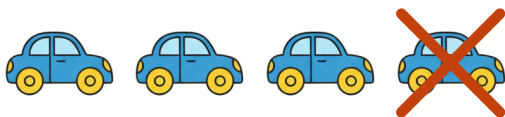

$$5 - 2 = 3$$

5 apples. Take away 2. There are 3 left.

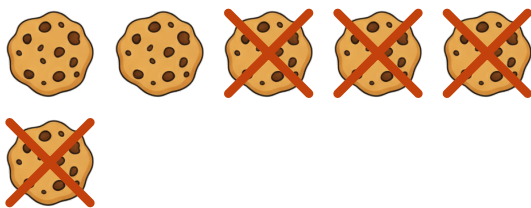

1 Count them all.

2 Cross out the ones taken away.

3 Count what is left.

$$4 - 1 = 3$$

$$6 - 4 = 2$$
