Don the duck sat in class with his quill. Ron had a quiz for the class.

"Dip your quill and write," said Ron.

But Don hit his ink pot. Spill! All the black ink ran into the rug.

"Quack! Quack!" said Don. "My ink is lost! I can not write the quiz. Do I have to quit?"

Tap, tap, tap. The squid in the class tank tapped on the glass. Don had a plan. He set a cup in the tank.

Squish! The squid filled the cup with black ink.

Don dipped his quill in the cup. He was quick. Soon he got the quiz done.

"Well done, Don," said Ron.

"Thank you, squid!" said Don.

The squid swished in the tank.
