Pangaea Puzzle: Gondwana Pieces

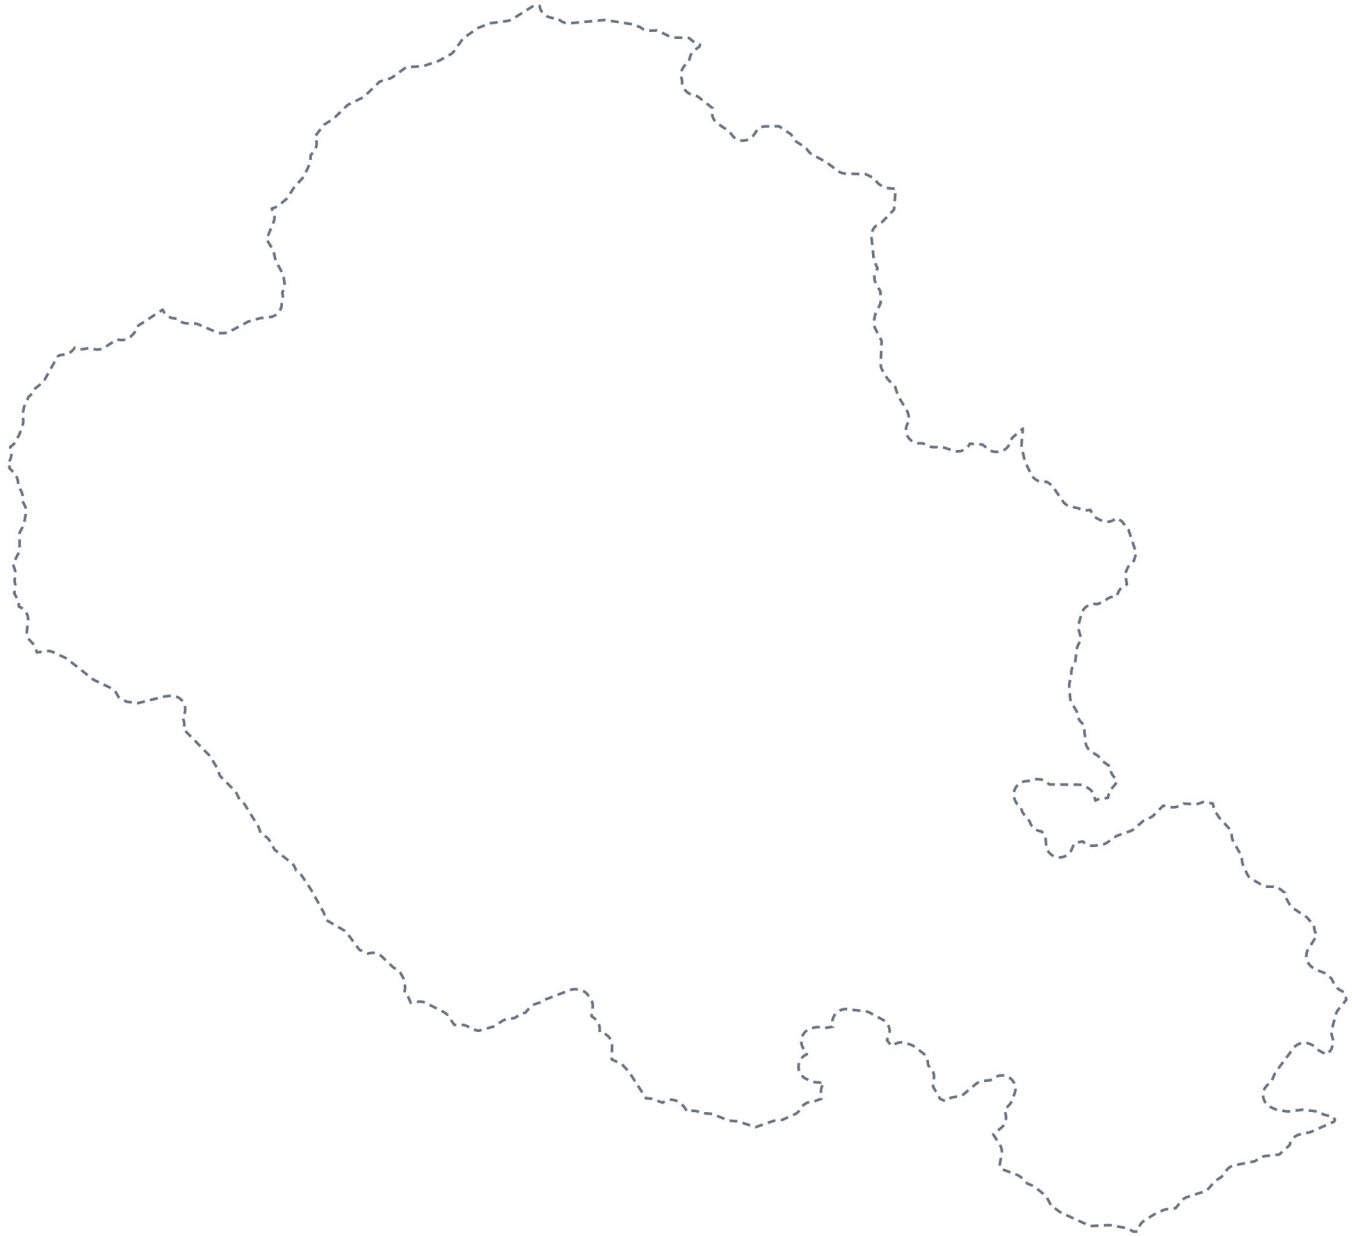

Lightly color each piece and cut along the outline. The symbols show where these fossils have been found. Then use the fossils and the coastlines to fit the pieces back together on the board page.

Pangaea Puzzle: Rebuild Gondwana

Name _____

Cut out the six pieces from the pieces page. Fit them together inside the outline so the coasts match and the fossil symbols line up, then glue them down. Hint: start with South America and Africa. Africa sits in the middle at the top.
