

Tornado Alley

Name _____ Date _____

The number in each state is how many tornadoes it has in an average year. Pick a color for each box in the key. Then color each state to match.

- ☐ 50 or more
- ☐ 25 to 49
- ☐ 10 to 24
- ☐ Fewer than 10, or no number: leave white.

Averages for 1995 to 2024, NOAA Storm Prediction Center

Then find Texas, Oklahoma, Kansas, Nebraska and South Dakota. Draw one loop around all five. That is the heart of Tornado Alley.
