

Tornado Alley

Where tornadoes touch down in the United States

Tornadoes a year on every 10,000 square miles:

Numbered states: 1 Connecticut 2 Delaware 3 District of Columbia 4 Maryland 5 Massachusetts 6 New Hampshire 7 New Jersey 8 Rhode Island 9 Vermont

Shading counts every recorded tornado from 1995 to 2024 (NOAA Storm Prediction Center). The two alleys have no official border. The outlines are approximate.
