

Vocabulary Flashcards

Cut along the solid lines. Fold each card in half on the dotted line, so the word is on the front and its meaning is on the back.

front	back
consequence	A result or effect of an action or condition. Failing to study had the consequence of a disappointing exam grade.
front	back
influence	The power to affect someone or something indirectly. Her older sister had a strong influence on her music taste.
front	back
factor	An element that helps produce a particular result. Diet is a major factor in maintaining good overall health.
front	back
impact	A strong, often sudden effect on something. Social media has a huge impact on how teenagers communicate.
front	back
contribute	To help bring about or add to a result. Pollution from cars contributes to worsening air quality in cities.

Vocabulary Flashcards

Cut along the solid lines. Fold each card in half on the dotted line, so the word is on the front and its meaning is on the back.

front	back
determine	To decide or control what will happen. Your final grade will determine whether you pass the course.
front	back
trigger	To set off an event or reaction, the way a spark sets off a fire. The loud noise can trigger a panic response in some animals.
front	back
outcome	The final result of an event or process. Nobody could predict the outcome of the closely fought election.
front	back
derive	To obtain or come from a source. Many English words derive from ancient Latin and Greek roots.
front	back
generate	To produce or create something. Solar panels generate electricity from the sun's energy.

Vocabulary Flashcards

Cut along the solid lines. Fold each card in half on the dotted line, so the word is on the front and its meaning is on the back.

front	back
precipitate	To make something happen sooner or more suddenly than expected. The scandal helped precipitate the sudden collapse of the company.
front	back
attribute	To regard something as caused by a source. Scientists attribute the temperature rise to human activity and emissions.
front	back
ramification	A complex or unforeseen result of an action. The new law had legal ramifications nobody had fully considered.
front	back
induce	To cause or bring about a condition. Certain medications can induce drowsiness in many patients.
front	back
provoke	To stir up anger or another strong reaction, often on purpose. His rude comments were clearly meant to provoke an angry reaction.
