

Vocabulary Flashcards

Cut along the solid lines. Fold each card in half on the dotted line, so the word is on the front and its meaning is on the back.

front	back
process	A series of steps taken to achieve a result. The process of baking bread requires patience, kneading, and careful timing.
front	back
transform	To change something so much that it seems like a new thing. Caterpillars transform into butterflies through an amazing biological metamorphosis.
front	back
modify	To change a few details of something to improve it. She decided to modify her essay after reading the teacher's feedback.
front	back
adapt	To adjust to new conditions or situations. Animals must adapt to survive when their habitat changes suddenly.
front	back
evolve	To develop gradually over time. Languages evolve as people invent new words and abandon old ones.

Vocabulary Flashcards

Cut along the solid lines. Fold each card in half on the dotted line, so the word is on the front and its meaning is on the back.

front	back
sequence	A particular order in which things follow. Follow the sequence of instructions carefully to assemble the bookshelf correctly.
front	back
procedure	An established way of doing something. The safety procedure requires everyone to exit through the nearest door.
front	back
transition	A shift from one state to another. The transition from middle school to high school felt overwhelming at first.
front	back
convert	To switch something from one use, unit, or system to another. You can convert Fahrenheit into Celsius using a simple math formula.
front	back
establish	To set up or create something firmly. They worked hard to establish a recycling program at their school.

Vocabulary Flashcards

Cut along the solid lines. Fold each card in half on the dotted line, so the word is on the front and its meaning is on the back.

front	back
alter	To make something different, such as its size, fit, or plan. He had to alter his plans when the storm cancelled the trip.
front	back
undergo	To go through something that happens to you, such as a test or treatment. Patients often undergo several tests before doctors confirm a diagnosis.
front	back
fluctuate	To rise and fall irregularly over time. Stock prices fluctuate daily based on the news and investor moods.
front	back
culminate	To reach the highest or final point. Months of practice culminate in the championship game this weekend.
front	back
facilitate	To make something easier or help it happen. A good teacher can facilitate learning by encouraging curious questions.
